Subject: SAFETY MESSAGES TO EVERYONE - DO NOT LET OUR GUARD DOWN
Date: Tuesday, 11 August 2020 4:10:34 PM

CIRCULAR TO MEMBERS

11 August 2020

Dear Members

RE: SAFETY MESSAGES TO EVERYONE - DO NOT LET OUR GUARD DOWN

1. With the completion of Foreign Workers' dormitory clearance, and facilitation of resumption of work by the various agencies, the majority of dormitory residents are expected to be able to resume work gradually. We will like to remind all employers to do the necessary preparations and ensure that safe management measures are in place to prevent and minimise the risk of new COVID-19 infections when the work operations restart.

2. We urged all employers to ensure workplace safety and health measures are also in place as work activities level will increase significantly. Employers should strongly remind their supervisors and workers to stay vigilant and maintain safety as their upmost priority.

3. Prior to resuming operations, risk assessments including safe work procedures are to be established, and the persons at work are adequately trained and briefed. It is also important to ensure the equipment and tools are maintained and in good working condition.

4. As we continue to battle COVID-19, please comply and observe safe management measures to mitigate transmission at work and protect all employees from harm.

5. Take time to take care of the safety and health of your workers!

Regards,
ASMI SECRETARIAT
